    Windows: version **4.0.29183.0407** or higher
    macOS: version **4.0.29208.0410** or higher
The host is assigned a license/ Webinar license

Overview

1. Enable your Zoom Account for streaming
2. Creating New Art City Live Stream Asset
3. Inputting your credentials for live streaming on Zoom interfaces.
4. Starting the custom live stream during a meeting or webinar
5. Confirm Live Stream is active on Zoom.

Enable your Zoom Account for streaming

1. Sign in to the Zoom web portal as an administrator with the privilege to edit account settings.
2. Click **Account Management** and then select **Account Settings**.
3. On the **Meeting** tab under the **In Meeting (Advanced)** section, locate the **Allow Live Streaming of meetings** setting, verify that it is enabled, check the **Custom Livestreaming Service** option, and click **Save** to save the changes.
4. *For webinars - On the **Meeting** tab under the **In Meeting (Advanced)** section, locate the **Allow live streaming of webinars** setting, verify that it is enabled, check the **Custom Live Streaming Service** option, and click **Save** to save the changes.
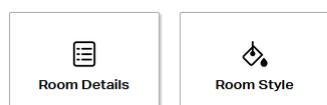

Creating New Art City Live Stream Asset

1. Open New Art City room dashboard
2. Create Live Stream Asset

3. Take Note of Livestream asset credentials for later use. For the Livestreaming page URL, simply input your New Art City room URL.

Inputting your credentials for live streaming on Zoom interfaces.

1. Sign in to the Zoom web portal.
2. Click **Meetings**.
3. Click **Schedule a Meeting** and enter the required information to schedule a meeting.
4. Click **Save** to display a set of tabs with advanced options.
5. Click the **Live Streaming** tab, then click the **configure live stream settings** link.

6. Input New Art City credentials in the fields below. For the Livestreaming page URL, simply input your New Art City room URL.

Configure the custom live stream   ✕

Save   Cancel

7. Click **Save** to save your live streaming settings.
   The host will be able to live stream this meeting without needing to add these settings after the meeting begins.

Starting the custom live stream during a meeting or webinar
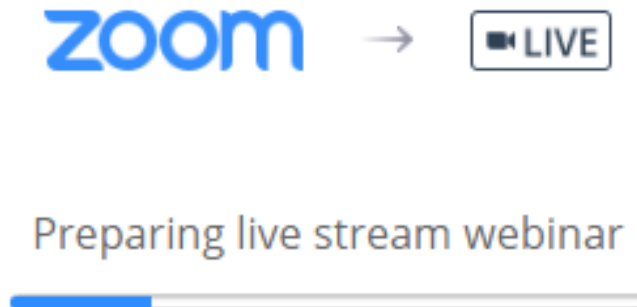

To live stream your meeting or webinar to a custom platform:

1. Start the meeting/webinar as the host, by doing one of the following:
   ○ From your calendar - If you have added the meeting/webinar to your calendar, click the link displayed on your calendar reminder.
   ○ From the Zoom website - Sign into Zoom, find the meeting or webinar in the Meetings or **Webinars** page, and click **Start**.
2. Click the **More** button in the host controls.

3. Choose **Live on Custom Live Stream Service**.
   If the organizer configured this webinar for live custom streaming, a browser window opens that shows the progress as Zoom prepares the live stream of your webinar.

4. If you did not preconfigure a meeting - input New Art City Credentials
